### SUMMARY

Enthusiastic data visualization intern with hands-on experience in transforming data into actionable insights. Eager to leverage my passion for connecting diverse data sources to enhance decision-making processes. Skilled in using Power BI to visualize data trends, with a strong commitment to supporting operational efficiency through innovative solutions. Seeking to further develop my skills and contribute to impactful projects in a dynamic environment.

### EXPERIENCE

#### Data Science/Analyst Intern

**CYIENT Ltd.** 📅 06/2024 - Present 📍 Pune, India

Developed and maintained data visualizations, collaborative dashboards, and reports

- Developed interactive dashboards in Power BI, translating complex datasets into clear visual insights for improved decision-making. (Sales and Billing Forecast)
- Created automated workflows using Power Automate, enhancing operational efficiency by streamlining data collection and reporting processes. (Automating Emails)
- Designed and implemented model-driven apps with Power Apps, enabling users to manage and analyze data effectively within the organization. (Time-off Request app)
- **Tech Stack : Python, Power BI, Power Automate, Power Apps, SQL, ML, Statistics**

#### Web Developer Intern

**Letsgrowmore** 📅 11/2021 - 12/2021 📍 Pune, India

Conducted comprehensive data analysis and validation

- **Developed Responsive Web Applications:** Created and maintained interactive, user-friendly web applications using HTML, CSS, and JavaScript, ensuring a seamless experience across various devices.
- **Implemented Front-End Functionality:** Collaborated with the development team to build dynamic user interfaces with React, enhancing application performance and user engagement.
- **Managed Back-End Data Integration:** Assisted in database management and server-side scripting with PHP and MySQL, optimizing data retrieval and storage for robust web solutions.
- **Tech Stack : HTML, CSS, JS, React, PHP, MySQL**

### EDUCATION

#### Bachelor's in Computer Engineering

**Dr. D. Y. Patil School Of Engineering**

📅 2019 - 2023 📍 Pune, India

CGPA  
**8.26** / 10

### SKILLS & TOOLS

Python    Power BI(DAX;Power Query)  
SQL    Power Apps    Power Automate  
Machine Learning    Git/Github  
MS-Excel(Pivot Table;Vlookup)

### CERTIFICATION

#### Microsoft Certified: Power BI Data Analyst Associate (PL-300)

In-depth course conducted by Microsoft covering advanced Power BI techniques

#### Freecodecamp

Data Analysis with Python

#### SQL for Data Analysis (Udemy)

Comprehensive course taught by Udemy experts on utilizing SQL for extensive data analysis

### PROJECTS

#### Billing Forecast Dashboard:

Created a Power BI dashboard to visualize billing forecasts, supporting strategic financial planning.

#### Employee Onboarding App:

Developed a Power Apps solution connected to a database, streamlining onboarding and automatically sending a welcome note upon form submission

#### Time-Off Request App:

Designed and implemented a user-friendly Power Apps application to streamline the employee time-off request process, improving workflow efficiency and tracking

EDUCATION

Data Science (Honours)  
Savitribai Phule Pune University  
📅 07/2021 - 07/2023    📍 Pune, India

CGPA  
10 / 10

PROJECTS

Employee Recognition Automation:  
Created an automated email system using Power Automate to send personalized birthday and work anniversary greetings to employees, enhancing engagement and fostering a positive workplace culture.
